Fun for Seniors

Activity Corner

"Focus on the journey, not the destination. Joy is found not in finishing an activity but in doing it" - Greg Anderson

We had the joy of touring the Tulip festival in April and the residents had a blast! This coming month we are packed full of activities and events!

Starting our month off Rockin' with Ron, what better way am I right? We will have more performances from Dave Dorhen, Rachel Varayne, Vern Parks and Freddie Perez! After all our musical performances we will get some acoustic guitar lessons.

Time traveling back to the 1800's with Yamhill Valley Heritage Center where we get to learn about agricultural history, buggies, firefighting, schoolhouse and so much more!

Get your shovels and soil ready it's time to garden! Residents have been hard at work preparing their garden for the planting season and it's finally here. Tomatoes, cucumbers, squash.... oh heck we've lost count of all the vegetables we will have to offer.

Downtown McMinnville is home to many local businesses including a lovely coffee shop where residents will be going every Tuesday to enjoy a nice cup of joe!
